# Installation Instructions

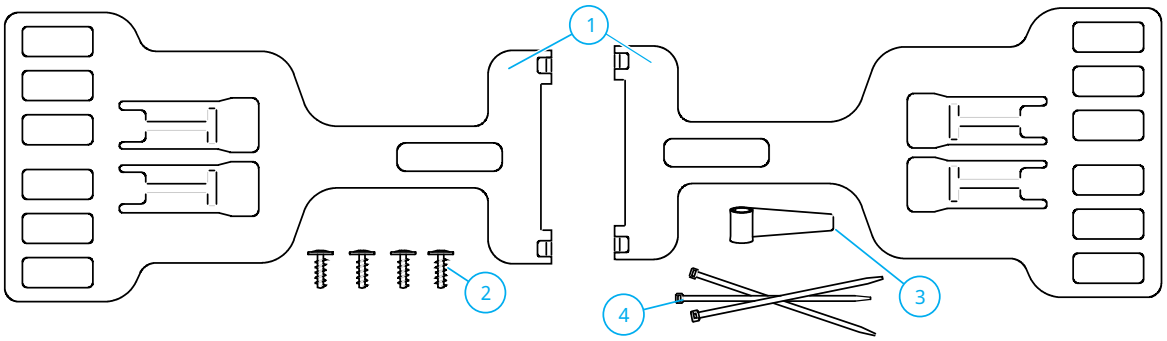
TC-1497-IP Rev. A, April 2021

# FIST-GC02
# External Cable Fixation Brackets

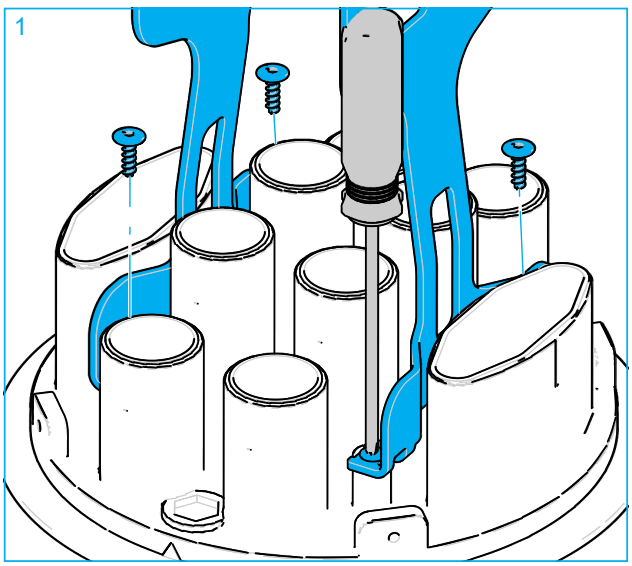
## 1 BX8

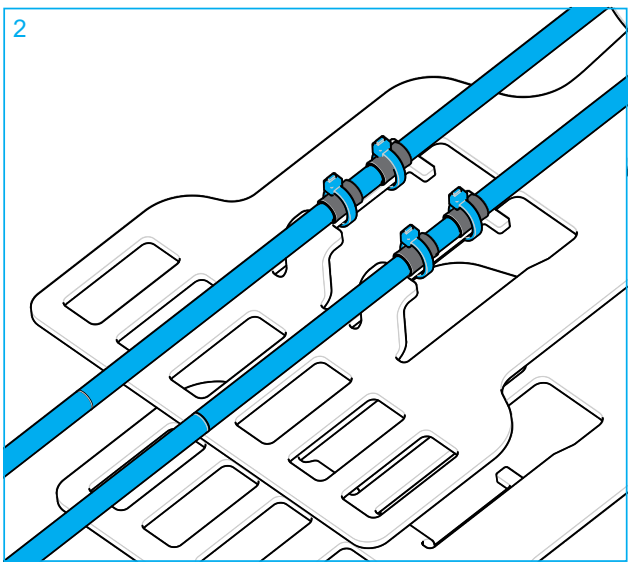
A cable securing system can be mounted on to the base of the FIST-GCO2-BX8. This allows cables to be secured outside the closure.

***Note:*** A short version and a long version are available.



| N° | Description | Qty | | N° | Description | Qty |
|---|---|---|---|---|---|---|
| 1 | Cable fixation plate | 2 | | 3 | Foam | 1 |
| 2 | Screws | 4 | | 4 | Cable ties | 20 |





1 Mount the frame to the base with the screws.
2 Apply some foam to the cable(s) and secure with cable tie(s) to the frame.
